
Safety compromised in German Airspace (TV-Report)

Sunday, 01 April 2007

Last Updated Tuesday, 24 April 2007

Hallo from Germany!

As I have read in the chat and through several eMails:

Some of you still could not watch/download the TV-report of THE MAIN german tv-channel ARD. (english version will follow soon!!!)

So I provide you now with the recent weblink to the official video live-stream in Realplayer-format:

<<http://www.daserste.de/plusminus/beitrag.asp?uid=s0dmjs8tv9lhwfnt&cm.asp>>

It is in german, with makes it not to easy to understand for the most of you, but as sayed above, an english version will follow soon (done by thetv itself!)

Best Regards, Uwe Schindler (GdF)
